Certificate of Analysis

Catalog #: SAF8C-HRP

Lot: SAMPLE SAMPLE

Description: Sheep anti-Human Factor VIII:C IgG Peroxidase Conjugate

Concentration: 2 mg/ml

Aliquots: 1 x 0.20 mg

Volume/aliquot: 0.100 ml

Activity: N/A

Total protein: 0.20 mg

Buffer: Buffered Stabilizer Solution Containing 50% glycerol (v/v)

Storage: -20° C

Expiration Date: SAMPLE SAMPLE

PO: N/A

Prior to conjugation, this antibody was specific for FVIII as demonstrated by immunoelectrophoresis and ELISA. When titrated on vWF-coated plates, the unconjugated SAF8C-IG does not demonstrate any reactivity above a non-immune sheep negative control.

Suitable as a source of peroxidase-labeled antibodies for FVIII.

Optimum conditions for use of this antibody in analytical procedures should be established in each laboratory.

Avoid exposure to sodium azide as this is an inhibitor of peroxidase activity.

For Research Use Only.

Thank You,
Quality Assurance
