

## Certificate of Analysis

**Catalog #:** SAFXIII-HRP

**Lot:** SAMPLE SAMPLE

**Description:** Sheep anti-Human Factor XIII Peroxidase Conjugate

**Concentration:** 2 mg/ml

**Aliquots:** 1 x 0.20 mg

**Volume/aliquot:** 0.100 ml

**Activity:** N/A

**Total protein:** 0.20 mg

**Buffer:** Buffered Stabilizer Solution Containing 50% glycerol (v/v)

**Storage:** -20° C

**Expiration Date:** SAMPLE SAMPLE

**PO:** N/A

**Date of Manufacture:** SAMPLE SAMPLE

Prior to conjugation this product was solid phase adsorbed to remove non-specific reactivities. Immuno-electrophoresis against normal plasma gives a single precipitin line, with identity to that obtained with purified FXIII. No band was observed with FXIII deficient plasma. This product is suitable for use as detecting antibody in ELISA's for FXIII or in other procedures that require an enzyme-linked antibody to FXIII. Optimum conditions for use of this antibody in analytical procedures should be established in each laboratory. Avoid exposure to sodium azide as this is an inhibitor of peroxidase activity. For research use only.

Thank You,  
**Quality Assurance**
