Certificate of Analysis

Catalog #: SATF-HRP

Lot: SAMPLE SAMPLE

Description: Sheep anti-Human Tissue Factor IgG-Peroxidase Conjugate

Concentration: 2 mg/ml

Aliquots: 1 x 0.20 mg

Volume/aliquot: 0.100 ml

Activity: N/A

Total protein: 0.20 mg

Buffer: Buffered Stabilizer Solution Containing 50% glycerol (v/v)

Storage: -20° C

Expiration Date: SAMPLE SAMPLE

PO: N/A

Date of Manufacture: SAMPLE SAMPLE

Immunogen: Recombinant human Tissue Factor

This antibody is specific for tissue factor as demonstrated by immunoelectrophoresis (prior to conjugation) and ELISA. This product can be used as a source of enzyme labelled antibodies to human tissue factor.

Store between -10 and -20 C. Product will become viscous but will not freeze. Avoid storage in frost-free freezers. Keep vial tightly capped. Allow product to warm to room temperature and gently mix before use.

Optimum conditions for use of this antibody in analytical procedures should be established in each laboratory.

Avoid exposure to sodium azide as this is an inhibitor of peroxidase activity. For research use only.

Thank You,
Quality Assurance
